AT Rusty Stafne, Chairman
Assiniboiné and Sioux Tribes of the Fort Peck Indian Reservation
P.O. Box 1027
Poplar, MT 59255
Via U.S. Mail, Return Receipt Requested

Chairman Stafne:

Mid-Rivers Communications (“Mid-Rivers”), an independent telecommunications provider serving rural Eastern and Central Montana, would like to reach out to the Assiniboiné and Sioux Tribal government of the Fort Peck Reservation once again regarding opportunities for broadband expansion on Tribally-owned lands within our service area. Mid-Rivers has identified an area near Wolf Point that is both within our service area boundaries and part of the Fort Peck Reservation. Mid-Rivers and our subsidiary Cable & Communications Corporation continue to be interested in learning about any telecommunications and broadband needs that residents and businesses in this area may have.

In November 2011, the Federal Communications Commission (“FCC”) comprehensively reformed the Universal Service Fund (“USF”) which helps companies like Mid-Rivers provide state-of-the-art communications services in high-cost and rural areas. Among the reforms, the FCC adopted a rule requiring Eligible Telecommunications Carriers (“ETCs”) who receive high-cost USF support to engage with Tribal leaders about broadband deployment on Tribally-owned lands and report annually on five specific outreach activities. In July 2012, the FCC’s Office of Native Affairs Policy (“ONAP”) issued specific guidance on outreach and engagement activities between telecommunications providers and Tribal governments.

Mid-Rivers is committed to providing voice, video, and broadband services to rural and remote areas in Montana, and we would value the opportunity to invite you and other leaders from the Fort Peck Reservation Tribal government to discuss ways that we can meet your telecommunications and broadband needs. Specifically, Mid-Rivers would like to discuss the following items:

- Needs assessment and deployment planning focused on Tribal community anchor institutions (such as schools, libraries and health centers);
- Feasibility and sustainability planning;
- Marketing services in a culturally sensitive manner;

- Compliance with Rights of way, land use permitting, facilities siting, environmental review and cultural preservation review processes;
- Compliance with Tribal Business and Licensing requirements.

Mid-Rivers is interested in learning whether the Assiniboine and Sioux Tribes of the Fort Peck Reservation have any specific broadband needs that our company may be able to meet, depending on the scope and scale of the project. For example, are there any of your members within our service area who currently do not have access to broadband? Are there any needs such as distance learning or telemedicine that Mid-Rivers could help facilitate? We also want to make sure that we respect your cultural heritage, property rights, business customs, and any other rules and procedures of your government.

Mid-Rivers is a locally-owned cooperative and has been serving rural Montana for over 60 years. We are dedicated to serving and employing members of our community and we want to ensure that the individuals and businesses of the Fort Peck Reservation are served as best as possible.

Mid-Rivers extends this invitation to set up an in-person meeting or conference call between our management staff and members of your Tribal government at your earliest convenience. Please contact Erin Lutts, our External Relations Manager, at 406-377-7438 or erin.lutts@midrivers.coop. We look forward to discussing this important issue with you.

Respectfully,

Michael Candelaria
General Manager

President Fischer:

Cable & Communications Corporation (“C&CC”) doing business as Mid-Rivers Communications (“Mid-Rivers”), an independent telecommunications provider serving rural Eastern and Central Montana, wishes to engage with the Northern Cheyenne Tribal government of the Northern Cheyenne Reservation about some potential opportunities for broadband expansion on Tribally-owned lands within our service area. Mid-Rivers has engaged with the Northern Cheyenne on previous occasions regarding the possible expansion of wireless on Tribal lands within our wireless service area. Mid-Rivers continues to be interested in learning about any wireless telecommunications and broadband needs that residents and businesses in this area may have.

In November 2011, the Federal Communications Commission (“FCC”) comprehensively reformed the Universal Service Fund (“USF”) which helps companies like Mid-Rivers provide state-of-the-art communications services in high-cost and rural areas. Among the reforms, the FCC adopted a rule requiring Eligible Telecommunications Carriers (“ETCs”) who receive high-cost USF support to engage with Tribal leaders about broadband deployment on Tribally-owned lands and report annually on five specific outreach activities. In July 2012, the FCC’s Office of Native Affairs Policy (“ONAP”) issued specific guidance on outreach and engagement activities between telecommunications providers and Tribal governments.

Mid-Rivers is committed to providing services to rural and remote areas in Montana, and we would value the opportunity to invite you and other leaders from the Northern Cheyenne Tribal government to discuss ways that we can meet your telecommunications and broadband needs. Specifically, Mid-Rivers would like to discuss the following items:

- Needs assessment and deployment planning focused on Tribal community anchor institutions (such as schools, libraries and health centers);
- Feasibility and sustainability planning;
- Marketing services in a culturally sensitive manner;

- Compliance with Rights of way, land use permitting, facilities siting, environmental review and cultural preservation review processes;
- Compliance with Tribal Business and Licensing requirements.

Mid-Rivers is interested in learning whether the Northern Cheyenne Reservation may have any specific broadband needs that our company may be able to meet, depending on the scope and scale of the project. For example, are there any of your members within our service area who currently do not have access to broadband? Are there any needs such as telemedicine that Mid-Rivers could help facilitate? We also want to make sure that we respect your cultural heritage, property rights, business customs, and any other rules and procedures of your government.

Mid-Rivers is a locally-owned cooperative and has been serving rural Montana for over 60 years. We are dedicated to serving and employing members of our community and we want to ensure that the individuals and businesses of the Northern Cheyenne Reservation are served as best as possible.

Mid-Rivers extends this invitation to set up an in-person meeting or conference call between our management staff and members of your Tribal government at your earliest convenience. Please contact Erin Lutts, our External Relations Manager, at 406-377-7438 or erin.lutts@midrivers.coop. We look forward to discussing this important issue with you.

Respectfully,

Michael Candelaria
General Manager
